Dec 16th, 1:00-4:00pm
CAM, 3rd floor
Symposium a Success

The ninth annual Research Training Symposium and Poster Session co-sponsored by the Office of Medical Student Research and the CRTC was held October 21, 2014. The event included 145 posters and 170 abstracts. Thirty-four programs were represented with 52 faculty members serving as discussants. Susan Huang, MD, MPH from University of California-Irvine served as the keynote address, followed by oral presentations from CRTC scholars Bradley Fritz, BS, Anne Drewry, MD, Kerry Bommarito, PhD, MPH, Brendan Lucey, MD, and Carlos Santos, MD. If you were unable to attend and would like a copy of the Symposium abstract book, contact jphelan@dom.wustl.edu.

MSCI Courses to Qualify for HR Tuition Benefit

Beginning in Fall 2015, the Master of Science in Clinical Investigation (MSCI) courses will qualify for the Washington University Human Resources Tuition Benefit. For qualifying Washington University employees, this benefit will cover 50% of the tuition cost of the course. This will apply to masters, certificate and open enrollment students taking MSCI courses. For more details and qualifications for this program see http://hr.wustl.edu/benefits/Pages/TuitionAssistance.aspx.

Emily Olfson, an MD-PhD student and CRTC TL1, led researchers at the School of Medicine who found that although a gene variant can prevent some young drinkers from developing alcohol problems, the gene’s protective effects can vanish in the presence of other teens who drink. Her research was highlighted in the Washington University Newsroom as well as CBSNews.com and was published online September 23rd in the journal Alcoholism: Clinical & Experimental Research.

CRTC Welcomes Two New Staff Members

We are excited to introduce you to Betsy Abente, who started November 1st as the Grants Administrator in the CRTC, Office of Training Grants (OTG). Betsy comes to us from Washington University's Medical Oncology Department where she served as the Grants and Budget Specialist. She helped them initiate their centralized database project for tracking grants data and is looking forward to tackling the OTG database project as well as working with the diverse faculty who require grant services from the OTG. We are excited to have her on board.

Pam Struttmann also started in the CRTC on November 1st as the Applied Health and Behavior Research (AHBR) Project Manager. Pam comes to us from Arkansas State University where she served as the Director of Graduate Recruitment and Enrollment Management. Pam also worked for Saint Louis University in their Office of Research Services and the Graduate School. She brings a wealth of experience in managing and recruiting for graduate level master's programs. She is a great addition to the AHBR program.
Baby Announcements

Nora Airdrie Ju Sommerville
DOB 4/10/14
Proud Mom: Yo-EI Ju, KL2 Career Development Scholar

Jack Cieslakiki
DOB 7/30/14
Proud Dad: Thomas Cieslakiki, Patient Safety Fellow

Eliana Caisa

BJH Patient Safety & Quality Program

The CRTC is happy to welcome the Barnes Jewish Hospital (BJH) Patient Safety & Quality Fellowship Program to its line up of training programs. The BJH Fellowship was established to provide experiential, didactic and mentored clinical research training for physicians devoted to improving patient safety and quality. The Center took over management of the Patient Safety Fellowship in July of 2014. Read More>
